

David Lam

SYSTEMS ENGINEER

EMPLOYMENT HISTORY

Project Engineering Intern (Internship)

BGAMMON CONSTRUCTION LIMITED | SEP 2024 - DEC 2024

- Assisted senior engineers in the structural integrity monitoring of large-scale infrastructure projects, ensuring 100% compliance with safety regulations and design specifications.
- Drafted and refined technical blueprints using AutoCAD and SolidWorks, facilitating clear communication between the design team and on-site contractors.

Laboratory Assistant (Part-time)

HKUST DEPARTMENT OF ENGINEERING | JAN 2024 - JUN 2025

- Calibrated and maintained high-precision testing machinery for material stress tests, ensuring the accuracy of data for faculty-led research publications.
- Managed the procurement and inventory of technical lab supplies, optimizing the budget through a systematic tracking database built in Excel.

Technical Sales Associate (Part-time)

GU | JULY 2022 - JUN 2025

- Delivered technical product knowledge to customers regarding material technology (e.g., AlRism, HEATTECH), contributing to consistently high regional sales rankings.

ACADEMIC PROFILE

National University of Singapore

MASTER OF SCIENCE IN MECHANICAL ENGINEERING |
COMPLETED AUG 2026

Hong Kong University of Science and Technology

BACHELOR OF ENGINEERING IN CIVIL ENGINEERING |
GRADUATED JUN 2025

PERSONAL INTRO

Results-driven engineer with a Master's and Bachelor's in Mechanical Engineering, combining rigorous analytical training with hands-on internship experience in financial systems and technical retail operations to solve complex structural challenges.

CORE SKILLS

- Computer-Aided Design (AutoCAD, SolidWorks)
- Finite Element Analysis (FEA)
- Statistical Analysis (MATLAB, R)
- Project Management (Agile/Lean)
- Quick learner
- Python for Engineering Applications
